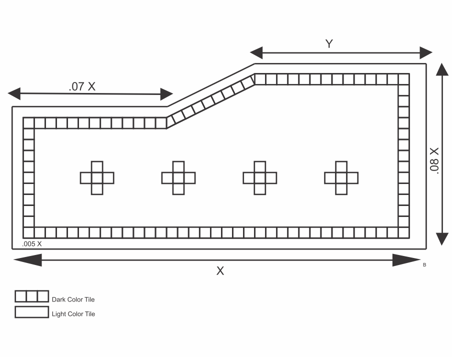
February 2020, West Zone Plant

At Orientbell, we understand your needs and propose solutions to support your objectives. With us you can interact with the best tile professionals for best recommendations. Afterall, while tiles is 2-3% of your project cost, it can be a significant proportion of your impact.

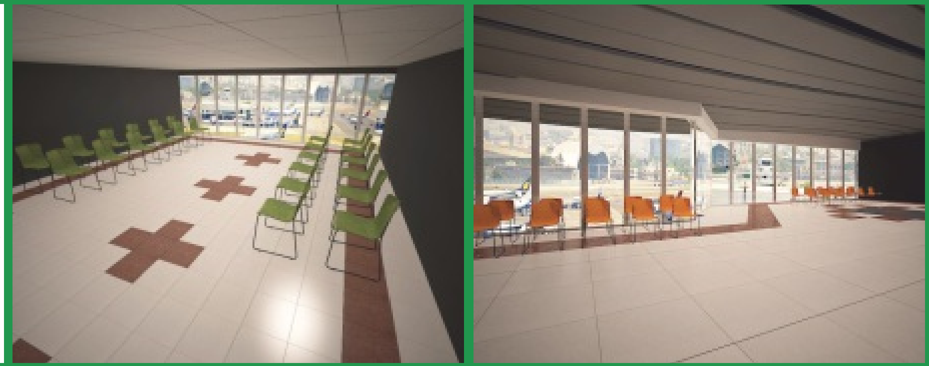
For a large auto major, we customised our supply chain to deliver a mix of tiles in just the right proportions for constructing their pan-india service centres. With 10+ tiles uniquely designed for them, their brand experience was consistent.

Visualising the look of a to-be-constructed space tends to be time-consuming & expensive. Secrecy concerns worsen the situation. A team at an upcoming airport was facing this challenge. We used an approximate drawing to visualise the airport and provided them a range of tile designs & laying patterns they could choose from.

What we receive!



What we deliver!



With our high standard of corporate governance, 5 manufacturing locations, 2500+ Channel Partners, 3500+ designs we are confident of meeting your needs anywhere & anytime.

Creating Solutions for Schools

Tile Mural-Periodic Table

SURYANAMASKAR

Tile Mural-Suryanamaskar

There are 1.6+ million schools in India. The top 100 thousand schools benefit from the innovation trending in the education space.

However, for the 1 million schools at the bottom of the pyramid, the quality of basic education remains a challenge. Lack of textbooks, parent & student apathy compound the problem.

To make an impact on learning outcomes we designed tiles having educational content that is relevant for all classes. These tiles, applied as a mural on a classroom wall, create a positive learning environment as well as keep the walls looking clean with minimal maintenance requirements.

As a part of our CSR initiative, this unique range of educational tiles has revamped quite a few schools in Delhi, UP and Rajasthan. The impact makes the effort worthwhile.

Impact on Learning Outcomes

36%
increase in enrolments
in just 2 years

31%
reduction in absenteeism,
reduced from 53% to 12%
in 2 years

Increased performance
in exams

- ✓ Creates an interactive learning experience
- ✓ Enables quick revision of topics
- ✓ Active visual learning while on the move.
- ✓ Increased retention of complex concepts
- ✓ Reduces violence & bullying in school premises.
- ✓ Scribble proof

* Data collected from schools revamped by Orientbell as part of their CSR initiative.

About OBL

Orient Bell Limited (OBL) is amongst the largest manufacturers of Wall and Floor Tiles. Established in 1977, OBL has been a pioneer in the Industry with a focus on customer-centric innovation.

First to manufacture ultra-vitrified tiles, new product designs & development is a continuous process at OBL. As a result it has an extensive range of tiles with various finishes & textures. It has 4 patent-pending technologies: Forever Tiles, GermFree Tiles, Cool Tiles & Life Tiles.

To display extensive range of tiles, we have a chain of signature showrooms. Privileged to be associated with premier architects and construction agencies of the country, it also counts most leading developers as well as government & public sector institutions as its customers.

- The ISO 9001:2015 accreditation for our quality control management systems reflects the quest for manufacturing international standard products.
- In 2015 our Sikandarabad plant was awarded with prestigious ISI certification for its products.
- In May 2000, OBL was awarded ISO 14001 certification by the internationally recognised BSI Management Systems, UK.
- Our manufacturing units are ISO 14001:2015 certified, the most complete and global expression for an environment friendly industrial company.
- We have been awarded OHSAS 18001 Certification for Health & Safety Standards. No waste water is ever discharged from our factory.
- We were also awarded with “Certificate Of Merit” in 'National Energy Conservation Award' 2016 organised by Ministry of Power for saving Power and Fuel consumption.

NOTE: Certain amount of Size and Shade variation is inherent in all ceramic products. Colours shown in this catalog are as accurate as the limitations of the printing process will allow. Prospective customers are advised to inspect a sample of the tile before ordering. Every effort has been made to ensure the accuracy of the information given. However, the company reserves the right to change the specification before prior notice. Sometimes variations in shade or size being inherent to ceramic industry may occur. It is suggested to check the tiles before purchasing and laying as the company does not accept the responsibility once the tiles are laid.
